Board of Pharmacy Rule

OAR 855-041-1046

Secure and Responsible Drug Disposal

(1) A pharmacy registered with the DEA as an authorized collector may collect controlled and non-controlled drugs for destruction in accordance with all applicable federal laws.
(2) A pharmacy that operates a drug take-back collection program shall notify the Board in writing prior to initiating the program and shall establish and enforce policies and procedures, including but not limited to:

- (a) Provision of secure location of the collection receptacle, which must be accessible to the public and cannot be placed behind the pharmacy counter; and
- (b) Provision of adequate security measures, including proper installation and maintenance of collection receptacle; tracking of liners, and key accountability; and
- (c) Personnel training and accountability.

(3) Pharmacy personnel shall not count, sort, inventory, or otherwise handle drugs collected.
(4) A pharmacy shall not dispose of quarantined, recalled or outdated drugs from pharmacy stock in a collection receptacle.
(5) A pharmacy shall maintain disposal records for a minimum of 3 years.
